Tap into the US ingredients market

We are entering a new era of food & beverage innovation!

Reflecting innovations in the food & beverage industry, we are proud to announce that Food ingredients Global, the world's leading food & beverage ingredients platform is branching out to the US - launching Fi North America as a new platform dedicated to the North American ingredients market.

Welcoming leading food & beverage suppliers and specialists in product development, production and marketing, it's the business connections made at Fi North America that help drive forward new partnerships, enhance business and that are the foundations upon which future growth for your business is built.

“

Fi North America combines our strength with the prestigious SupplySide West event creating a strong platform for our exhibitors and visitors to do business in North America.

Julien Bonvallet
Brand Manager
Fi North America

WHY EXHIBIT?

- ✓ Join the only truly global food and beverage ingredients portfolio in the industry
